from Front Street just north of State Street  
**Use the ParkMobile App to reserve your spot !!**

The mission of the Legislative Advocacy Day is to create an opportunity for counselors to engage in legislative advocacy, leadership, and professional identity development through intentional training and immersive experiences. LAD will empower and equip counselors to communicate with their Legislators about current legislative issues and then send them to the Statehouse for a face to face meeting the same day.

The Ohio Counseling Association represents professional counselors in various practice settings across the State of Ohio with networking, advocacy, and professional development opportunities. Join today for CEUs, networking, and career advancement.
